The Sweet Bean

The roasted soybean forms the basis for all of our products. The beans are harvested, machine-sorted and cooked. Then they are gently roasted at 150°C (300°F) using our special fat-free, hot air method, hand selected, covered with delicious organic chocolate and packed for freshness. We offer **Milk Chocolate Soybeans** with milk chocolate, **Yoghurt Chocolate Soybeans** with white yoghurt chocolate and a **Chocolate Mix** with both flavors.

> Milk Chocolate Soybeans

> Yoghurt Chocolate Soybeans

> Chocolate Mix

Is an equal mixture of milk chocolate and yoghurt chocolate covered soybeans, combining the wonderful taste of both flavors.
